MI05 per-frame cell-count and mitotic-ratio validation
StarDist
Cellpose auto
Cellpose fixed
Identity
A. Count agreement
Predicted count per frame
Ground-truth count per frame
B. Ratio agreement
Predicted mitotic annotation ratio (%)
Ground-truth mitotic annotation ratio (%)
C. Count error over the sequence
Predicted minus ground-truth count
MI05 frame index
D. Ratio error over the sequence
Predicted minus ground-truth ratio (percentage points)
5 pp closeness band
MI05 frame index
Dashed vertical lines separate descriptive temporal thirds. Correlation is supplementary; identity and error plots assess agreement.
